MEDICAL COMMERCIAL UNDERWRITING GUIDELINES APPLIED on a Small Group Level

Introduction

Commercial health insurance coverage is available to employers, trust and association groups, subscribers and dependents that meet the qualifications specified in applicable state and federal requirements and the underwriting guidelines of Univera Healthcare. Throughout this document, Univera Healthcare will be referred to as the health plan. Outlined below are the basic criteria that the health plan will follow to qualify employers, trust and association groups, employees and dependents for small group commercial coverage.

Disclaimer

The health plan reserves the right to make exceptions to these guidelines for circumstances where the group/subscriber/dependent does not meet all of the criteria in these guidelines and when the exception will not violate any laws/regulations or harm the community pool.

These guidelines are effective January 1, 2016, and replace all previous small group commercial guidelines in use.

I. Group Eligibility

Eligible Groups:

A group, or if the group is a trust or association, a member firm participating in the group, is eligible for commercial group coverage if it meets the following criteria and complies with applicable state and federal requirements:

Employer group/trust:

The group/trust:

- ▶ Is headquartered in the health plan's service area. In the event that the health plan is insuring only the local employees of a multi-location group, the group must have an office in the health plan's service area.
- ▶ Is engaged in a legal business or is a government entity with the legal authority to contract.
- ▶ Regularly employs persons on an active basis for salaries or wages throughout the year.
- ▶ Maintains an employer-employee relationship with its subscribers.
- ▶ Files state and federal income taxes as an ongoing commercial enterprise, nonprofit entity, or is validly exempted from filing taxes, or is a government, entity.
- ▶ Meets and maintains applicable participation requirements as required by the health plan's underwriting guidelines and as permitted by state and federal requirements. See participation requirements below for additional details.

Association groups:

The association:

- ▶ Must meet criteria listed as "1" above for employer groups/trusts, as well as other criteria specified in applicable state and federal requirements related specifically to associations.
- ▶ Member firms must comply with the same underwriting guidelines as groups/trusts enrolled by the health plans on a direct basis and must comply with applicable state and federal requirements.

Ineligible Groups:

- ▶ Groups that do not have common law employees are not eligible groups.
- ▶ Groups that consist of only the owner or the owner and his or her spouse.

Group Size:

Small groups are defined as groups between one and 100 full-time equivalent employees in the previous year. Sole proprietors are not considered employees and must purchase individual coverage. Large groups are groups with more than 100 full-time equivalent employees. The number of employees in a group is determined by adding the number of full time employees and the number of full time equivalent employees.

The following general guidelines are applied to determine group size:

- ▶ Groups with common ownership/control count as being part of one group.
- ▶ Groups with membership inside and outside of the health plan service area will be counted together, even if membership within the service area is minimal.

Group size is determined upon renewal. Fluctuations in group size throughout the year do not affect eligibility

Group Effective Date:

New groups must provide all required enrollment information to the health plan 30 days in advance of the effective date. Groups making changes to existing coverage must provide all required enrollment information 15 days in advance of the effective date in order to be effective the first day of the following month. New small groups must include payment of the first month's premium, along with all other enrollment materials.

Group Renewal Date:

Groups renew annually as follows:

- ▶ Community-rated groups outside of the New York State of Health Marketplace renew on January 1, unless the product has rolling rates or a level premium.
- ▶ A group with rolling rates renews on the first day of the month of the anniversary of its effective date and the benefit plan year coincides with the anniversary date.
- ▶ Level premium groups renew throughout the year, based upon a date the group specifies at the time the rate is quoted.

Guaranteed Availability

All policies must be guaranteed available to groups year round.

Guaranteed Renewal:

A covered group or, if the group is a trust or association, a member firm, will be renewed unless terminated due to any of the following occurrences:

- ▶ Nonpayment of premium.
- ▶ Fraud or misrepresentation of material facts.
- ▶ Violation of the health plan's participation requirements.
- ▶ Violation of the health plan's service area requirements.
- ▶ Lapsed membership in the trust or association (including a chamber of commerce) through which the coverage is offered.

- ▶ Inability to meet the definition of a permissible group under applicable state and federal requirements.
- ▶ The health plan discontinues participation in the market or discontinues the class of coverage
- ▶ Violation of the health plan's participation requirements.

Open Enrollment Period:

The health plan's standard policy is one 30 day open enrollment (reopening) period per year, at the time of the group's renewal. The open enrollment period is the time when eligible group members who have previously declined coverage through the group may enroll. Subscribers may select from among the various offerings available through the group during the open enrollment period.

Special Open Enrollment Periods:

A group may request a special open enrollment period when a significant change in business conditions occurs, such as a purchase of a new division or the group expands coverage to a new class of employees.

Classes of Employees

Classes of employees based on “conditions pertaining to employment” are permitted at the option of the employer; however, all employees, including those in different classes, must be aggregated for purposes of determining group size. Examples of permissible classes of employees are:

For coverage through an employer group (including member firms within a trust or association), an eligible subscriber must be:

The eligible dependents are dictated by the subscriber contract/certificate. In general, the eligible dependents are as follows:

- ▶ Spouses
 - ▶ Spouse, including a same-sex spouse, unless the marriage is dissolved through divorce or annulment
- ▶ Dependent Children
 - a Children of a subscriber are covered until age 26, regardless of financial dependence, residency, student status, employment, marital status, or eligibility for other coverage.
 - b In addition to the coverage listed in subparagraph (a) above, coverage for the children of a subscriber is available, if elected by the subscriber or eligible young adult, for unmarried adults younger than 30 years of age who are not insured or eligible for insurance through their own employer, who live, work or reside in New York state or within the health plan’s service area and who are not covered under Medicare.
 - c In addition to the coverage listed in subparagraph (a) above, coverage may be available through a “make available” rider, if elected by a group, for the children of a subscriber who are unmarried, younger than 30 years of age, who are not insured or eligible for insurance through their own employer, who live, work or reside in New York state or the health plan’s service area, and who are not covered by Medicare.

MEDICAL COMMERCIAL UNDERWRITING GUIDELINES APPLIED on a Small Group Level

- ▶ For purposes of subparagraphs a. b. and c. above, the term “children” includes natural children, stepchildren, legally adopted children and children for whom a court of law has appointed the subscriber or spouse their legal guardian and who are chiefly dependent upon the subscriber for support.

Subscriber/Dependent Initial Enrollment and Retroactivity

The health plan will enroll a subscriber and/or dependent for the requested date, provided that:

- ▶ The application is received within the retroactive period specified in the subscriber contract/certificate from the date of the qualifying event.
- ▶ If the retroactive period is unspecified, within 30 days.

If not enrolled when initially eligible, the subscriber/dependent must wait until the next open enrollment period, unless the subscriber/dependent qualifies for a special enrollment period (see the Special Enrollment Periods section).

- ▶ Gaining or losing eligibility for Child Health Plus or Medicaid

Special Enrollment Period (60 days)

III. Product Offering Requirements

Participation Percentages:

HMO products are not subject to participation requirements, but enrollment in the health plan’s HMO products may contribute to the total participation percentages for small groups.

The group size and participation requirements are based on eligible or net-eligible employees. Valid waivers for net-eligible participation determination include spousal/domestic partner coverage, parent/guardian coverage, COBRA from previously employer, other employer sponsored coverage, Medicare, Medicaid or other state or federal funded programs.

To obtain small group coverage outside of the November 15 – December 15 annual open enrollment period, 50% of eligible employees or 75% of net eligible employees must be enrolled in our health plan and meet applicable state law participation requirements.

Note: Minimum participation requirements do not apply to small groups during the annual November 15 – December 15 open enrollment period or products offered on the New York State of Health. If a minimum participation requirement was not applied on issuance, it will not be applied on the renewal.

Other Requirements Eligibility Verification:

New group and subscriber/dependent eligibility and guideline compliance will be verified using information from tax forms, other filings with government agencies and appropriate company records as determined by the Underwriting Department. Recertification of a group will occur annually through a direct request for information from the health plan. The annual cycle will repeat as long as the group purchases health insurance coverage from the health plan.
