

# Helping you see wellbeing more clearly

## Vision plans from Univera Healthcare

Did you know that regular eye exams can do more than just help you see more clearly? They can also catch eye diseases like cataracts, diabetic retinopathy, and glaucoma early before leading to permanent vision loss or blindness. Plus, eye exams can help identify other health conditions such as high blood pressure and diabetes.<sup>1</sup>

Caring for your eyes can help preserve both your long-term eye health and overall quality of life. **Giving you greater peace of mind knowing you're on your way to more complete wellbeing.**

## Univera Healthcare's vision plans feature:

### Affordable options

Low out-of-pocket costs make it easier for you to get the care you need, including:

- Low copays for exams for the whole family
- Fully covered and low-cost, on-trend frame options through the Exclusive Collection<sup>7</sup>
- Discounts on lens enhancements, additional pairs of eyeglasses, LASIK services and other great extras just for being a member<sup>6</sup>

### Comprehensive coverage

Every vision plan includes:

- Eye exams and retinal imaging to catch vision and health concerns early, plus benefits for corrective eyewear including frames, lenses, and contact lenses
- Eyewear choices for every family member, lifestyle and budget, each with a 1-year breakage warranty at no extra cost<sup>6</sup>

### Convenience

Through our partner, Davis Vision, you have access to a large network that includes 1,700+ provider locations in the 8-county Western New York area and 235,000+ points of access nationwide<sup>5</sup>, including:

- Independent eye care professionals
- Four of the top five eyewear retailers
- Online retailers like 1800Contacts.com, Glasses.com Warby Parker, Optical<sup>®</sup> and Visionworks<sup>®</sup>

Vision difficulty is the **5<sup>th</sup>** most common disability among adults.<sup>2</sup>

~**50%** of visual impairment and blindness can be prevented through early diagnosis and timely treatment.<sup>3</sup>

**4 in 10** U.S. adults are at high risk for vision loss<sup>4</sup>

# Member tools

Online member accounts empower you to get the most from your plan through access to free online tools and resources, such as:

View your **member card**,  
**benefits and claims**

Find an **eye care professional**

**Frame try-on tool**  
(Exclusive Collection only)

**Online shopping** that connects your benefits with leading online retailers, such as **1800Contacts.com**, **Glasses.com**, **Warby Parker**, **Optical** and **Visionworks**.

## Top 3 things to know about Univera Healthcare's vision plans

### 1 Frequency of benefits

Depending on your plan, you're eligible to use certain benefits only once within a given time period. For example, your plan may allow coverage for one new pair of frames or contact lenses every calendar year. Refer to your member contract to find out the frequency of your plan's benefits.

### 2 In-network providers

Your costs are lowest when you use an eyecare professional or retailer in the Davis Vision network, which includes 235,000+ points of access. To find a provider near you, use the Find a Davis Vision Provider tool available at **UniveraHealthcare.com**.

### 3 More covered frame options

Members have the power of choice when it comes to frame selection. You can choose to either apply a frame allowance to any frame of your choosing at any participating provider location—**with an additional \$50 allowance at Visionworks**—or you can select a frame from the Exclusive Collection.<sup>7</sup> The Exclusive Collection is available at most participating independent provider offices and features three levels of frames: Fashion, Designer, and Premier, with retail values of \$100-\$195. When selecting an Exclusive Collection frame, your eyewear is often completely covered.
